Performance: ★★★★★ Sonics: ★★★★★

Accessible and flowing baroque musique. The first 6 Introduttiones have a similar theme and style which in my opinion is the reason that these may not stand the test of time as 'great' music, but they are a stylish companion to a nice meal with friends :-)

I found the most interesting part of this well recorded disc the last 15 minutes or so that comprise the 'Concerto in La magg'. This part has more appeal due to its various tempi and great solo violin work. Overall this is a disc which represents the genre well and consequently is worth having in my view.

The recording quality (analog) is good to very good so I decided for 4 stars.
